The Values in our \$12.50 Suits. A Great Output—Quick Sales—Small Profits

The factories we represent, located in New York and St. Louis, are the greatest outpourers of guaranteed clothing and confine their goods to stores like ours throughout the country. The fact that they are Woolen Mills and Factory combined, turning out an average of 1800 suits a day gives them the big advantage of buying enabling us handling suits through them to bring these big values in \$12.50 garments directly from factory to you. DEMOCRATIC ORATORS WERE FROZEN OUT

Couldn't Stand Competition of Progressives at Yuma

Both progressive and democratic meetings were held at Yuma on Tuesday night and the latter succumbed to the former. The attendance at the progressive meeting was very much larger, notwithstanding another progressive meeting was in progress at Somerton. Not only in point of numbers was the better, but there was greater enthusiasm. Even the wild rambunctiousness of Wiley Jones or the perfrid oratory of Brady O'Neill could not rouse the gathered democrats to a pitch of even mild excitement, and quite early in the evening the attempt to create fervor out of nothing was abandoned as a bad job.

The meeting was broken up and a considerable part of the audience and even some of the candidates went to the meeting of the progressives, where something was really doing.

Hon. E. S. Clark, for the progressives, brought out the most earnest applause, especially in that part of his address in which he dwelt upon the attitude of the progressive party of not only this state, but of the whole country toward the prohibition question.

The meeting at Somerton, in the midst of a farming settlement, brought out a good crowd and the progressive candidates were assured that they would hear something to their advantage from that part of the country on the night of November 3.

LAND OFFICE BUSINESS; THREE YEAR HOMESTEADS

Effect is Just Being Felt of Big Rush to File on Three Year Land. Makes Much Work

Results from the rush of homestead applications that followed the passage of a new law requiring but three instead of five years' residence in order to prove up, are now becoming apparent in the heap of final proof proceedings at the land office. It was about three years ago that the law first became operable.

In October, thus far, there has been fifty per cent more business than during the same part of September. This work does not add materially to the income of the office, but it certainly does increase the amount of clerical work. Batches of seventy-five or eighty filings are not at all unusual.

Three homestead applications were filed yesterday, being those of A. S. Jones, T. H. Jones and A. L. Cockcroft, all for lands near Gila Bend.

There were several courses and the occasion was voted one of the most enjoyable of the season.

GRAVEL FOR GLENDALE ROAD.—The contract for loading and hauling approximately 300 carloads of gravel for use on the Glendale-Phoenix road was awarded yesterday to George Tisdale of Phoenix. The gravel will be shipped from the Agua Fria river over the Santa Fe and unloaded at this city and Glendale. Tisdale's bid was 98 cents per cubic yard for the 6,000 yards to be moved. GLOBE MEN COMING TO FIGHT COUNTY DIVISION

Meeting Will be Held at Trade Board at Five O'clock—Civic League Opposes Division

Whereas, the civic league of Phoenix believes that the question of the division of counties is a purely local matter, and should be decided by the county affected, instead of the voters of the state in general.

Therefore, We do hereby place ourselves on record as opposed to the initiated measure. Numbers 226 and 227 on the ballot for the creation of a so-called Miami county.

Globe and Gila county in general is opposed to the creation of the so-called Miami county, according to information given out at headquarters of the anti-division association yesterday. It was announced that some prominent citizens of the county would be here today to take up with Phoenixians the matter of opposing the division of the county. Those who are expected are, T. J. Beckett of the O-D company, R. E. Moore of the First National bank of Globe, F. D. Pisk of the O-D company, and T. A. Pascoe a capitalist. In case these men arrive on time there will be a meeting to protest the dividing of Gila county at the board of trade at five o'clock.

The resolution which is printed above was passed by the Civic League of Phoenix after the league had heard from Miss Alice Birdall, an attorney of Globe, yesterday. The league is taking up all the initiated measures on the ballot and discussing them at considerable length.

A. H. FITZ BUYS BONAIR BIG BOY, COLLIE CHAMP

Local Man Purchases Dr. Pettit's Famous Retrieving Collie—Will Enter for Show Here.

It may be of interest to dog fanciers here to learn that A. H. Fitz of this city has purchased the well known collie Bonaire Big Boy from Dr. R. Fred Pettit, the dog expert of Albuquerque, N. M. Dr. Pettit will be judge of the kennel show which is to be a big feature of the coming state fair.

This dog has been shown on the bench quite extensively throughout the west, winning some twenty odd firsts and specials under such men

as Watson, Delmont and Clayton. He won high honors in Denver, Kansas City, El Paso, San Antonio and other cities and has seldom been beaten.

Big Boy is one of the few collies of bench show fame who is willing and able to retrieve. His work in the water after duck is as good as that of any spaniel. He is a rich mahogany saddle and white, with beautiful markings. His picture, presented herewith, shows him with Lorette, the little daughter of Dr. Pettit. He will be entered for exhibition, but not for competition at the coming show.

It is road dragging time once more!
